Update - harmonizing RPPO information on the IPP

EMAIL to RPPOs

Dear [name of CP of the RPPO],

Please revise in the IPPC website the content of the page dedicated to the RPPO: [RPPO name]

URL: [URL of the RPPO on IPP]

Fill the attached word file and return the updated information for your respective RPPO page to paola.sentinelli@fao.org (please use an attachment for the requested pictures along with the word doc o the response email).

Also, check your page on the Publications/News/Websites on the right sidebar, confirm if these are still relevant or need to be deleted.

The first update of the RPPO content will be done as soon as it is received.

You will then have permissions to:

- Add/edit publications/news/websites (you can't delete, you will need to contact us to delete and hide the outdated items on your behalf) and you will need to post these items yourself. The IPPC cannot do this part for the RPPO.
- Edit the page to update RPPO content such as text or images, or you can ask the IPPC Secretariat to update this information on your behalf.
