

The Biosecurity Authority of Fiji (BAF) wishes to notify the IPPC Members of the new features of its Import/Export Permits for Plant Matter. These new features have been introduced to align BAF with international practices and prevent fraud.

The new features of Import Permits for Plant Matter are:

- Fiji Coat of Arms on the top right hand corner
- A water mark of BAF logo in the middle
- Fiji flag on the bottom left hand corner
- Embossed stamp on the bottom right hand corner
- 120gsm paper (thicker paper)

The illustration below shows the difference between the old and new Import/Export Permits
