Dear Secretary Jingyuan Xia,

This letter is to express our support on behalf of the national plant protection organization of the United States of America regarding NAPPO's proposal to the 2018 IPPC call for topics for the IPPC to develop an Annex to ISPM 38: *International movement of seeds*, focused on the "Design and use of systems approaches for phytosanitary certification of seeds".

We are in support of NAPPO's proposal on this topic and have been in collaboration with NAPPO on this concept. Our stakeholders also view this topic as a priority.

Thank you in advance for your consideration of this important topic.

Best regards,

Mr. John Greifer
