COMMISSION ON PHYTOSANITARY MEASURES

Tenth Session
Rome, 16-20 March 2015
Status of ISPM 15 Symbol Registration
Agenda item 9.1
Prepared by the IPPC Secretariat ¹

I. Background

1. The CPM, at its 9th Session (CPM-9), encouraged contracting parties to actively pursue the registration of the ISPM 15 symbol, including registration renewals in countries where registration is due to expire. The CPM also encouraged contracting parties to reimburse the cost of registration renewals completed in 2013 to the IPPC Secretariat.

II. Progress and Current Status²

2. As noted in the CPM-9, the registration renewal process was completed in all countries where registration was due to expire in 2013. These registrations will expire in 2023.

3. In 2014, the IPPC Secretariat initiated new registrations for 17 countries which were identified as the first group based on the prioritization criteria. Prioritization criteria include considerations of legal and trade-related indicators and commitments by countries to reimburse registration costs. Total allocated budget for this purpose was USD 65,000.

4. Other relevant progress includes:

- Letter to Ministers. In order to raise awareness about the importance of protecting the symbol and assist the NPPOs in their interaction with their respective government, a letter was sent to the responsible Minister in each country, explaining the purpose of registration and highlighting the need for political and financial support in registering or renewing the registration.

¹ Attachment one was added on this document on the 19th January - Revision 01 of the document was issued on 10 March 2015; Attachment 1 was amended; countries after Ukraine were added.

² Attachment 1 to this document provides information on the status of registration in each country.

- Registration renewal - cost reimbursement letters. Another letter was earlier sent to the NPPOs providing information on the reimbursement procedures for compensating the costs of registration renewals done in 2013. Many countries expressed their willingness to reimburse such costs. Many countries already reimbursed the costs to the IPPC Secretariat.
 - The Q&A information was posted on the IPP portal³.
5. The work plan for the next steps includes:
- Second round of new registrations. The second group of countries where the new registration will be initiated in 2015 will be identified based on the prioritization criteria within the allocated budget, as done in 2014.
 - Unless there are unexpected problems (such as legal issues raised by certain stakeholders), the remaining registration renewals and new registrations will be dealt with by the end of 2017 under the total agreed budget of USD 350,000 (in the five years period 2013-2017). There are 66 countries where new registrations will be initiated in the above-mentioned timeframe. The contracts with the two trademark firms selected by FAO to carry out the registration process on its behalf will expire in September, 2018. Towards the end of the period, the budget may be revised for adjustment, as appropriate.
 -
6. The CPM is invited to:
- 1) *note* the progress made in 2014 and the work plan for 2015 with regard to registration of the ISPM 15 symbol.
 - 2) *encourage* contracting parties to continuously support the process of registration of the ISPM 15 symbol, including renewals of registrations that are due to expire.
 - 3) *encourage* contracting parties to reimburse the IPPC Secretariat for registration and registration renewal costs as soon as practically possible.
