Protecting the world's plant resources from pests

Adobe Connect

General Presentation

(Updated: 19 February 2016)

What is Adobe Connect?

Adobe Connect is an online tool that is used to set up calls for discussion or training purposes. It allows users to talk, (video)chat, complete tests and polls, see shared screens and training material.

System requirements:

Browser: Internet Explorer[®] 7.0 or newer (preferred)

Other browsers can be used, but might not work: Mozilla® Firefox® 4.0 or newer Google Chrome™ 5.0 or newer Safari™ 3.0 or newer Adobe® Flash® Player 10.3 or newer

Note:

Before the training, please run the AC test:

https://admin.acrobat.com/common/help/en/support/meeting_test.htm

Audio Set-up Wizard

Select MEETING in menu at top of screen

Connecting audio
