1 General description and main categories

The IPPC Secretariat has prepared a new homepage for the International Phytosanitary Portal (IPP) website, available at www.ippc.int to share and exchange relevant information with the IPPC Community. It is divided into different areas of interest, which are highlighted in red circles and described below.

The screenshot shows the IPPC Secretariat website homepage. At the top, there are language options (English, French, Spanish, Russian, Arabic, Chinese) and navigation links (Sitemap, FAQ, Contact, Log in). The main header features the FAO logo and the IPPC logo with the tagline 'Protecting the world's plant resources from pests'. Below the header is a search bar and a horizontal navigation bar with 8 folders: About, News, Core Activities, Themes, Information, Resources, Countries, and Calendar. The main content area is divided into several sections, each highlighted with a red circle:

- About Us:** Includes 'The Convention', 'IPPC Secretariat', and 'Contact us'. It also features 'Announcements' with dates like 19-05-2016 and 22-09-2015, and 'Calls & Deadlines' with a date of 01-05-2016.
- IPPC News:** A carousel showing a group photo with the caption 'Works on Harmonization of International Phytosanitary Terminology'.
- Brief News:** A list of recent news items with dates ranging from 25-05-2016 to 02-05-2016.
- Activities:** A grid of activity categories including 'Governance & Strategies', 'Standards & Implementation', and 'Integration & Support'.

2. Extract information from the site

As data regarding International Standards for Phytosanitary Measures (ISPMs) and information uploaded by countries on the IPP regarding obligatory reporting (National Reporting Obligations, like IPPC Contact Points, pest reports and national phytosanitary legislation) are the most search for information on the IPP, below it is described how to look for that information on the new homepage.

2.1. Search for data on International Standards for Phytosanitary Measures

Hover over the folder “**Core Activities**” or “**Information**” appearing underneath the IPPC logo on the top of the screen of the homepage. Then you would be able to see subfolders: “**Standards&Implementation**” and “**Standards**” on which you need to click.

You can also access information by going to a pale green field with “**Activities**” in the middle of the page and:

- click on “**SC- Standards Committee**” underneath “**Governance&Strategies**” or
- click on “**Standard Setting**” underneath “**Standards&Implementation**”.

2.2. Search for data on countries reports (National Reporting Obligations)

Click on the folder “**Countries**” appearing underneath the IPPC logo on the top of the screen of the homepage.

Then a page with the list of National Reporting Obligations will open. To find a specific National Reporting Obligation in a summarized form for all countries which posted that information, you need to click on one of the titles listed there.

Countries

The IPPC is an international treaty that applies to most nations involved with international trade in any commodity that could introduce a new plant pest into a new area; in other words, it is applicable to all trans-boundary movements of plants and plant products.

It is in the interest of all nations to be contracting parties to the Convention: membership means they can play an active part in developing international standards that help to protect their exported and imported goods.

Exchanging technical and official phytosanitary information is vital to the Convention's effective implementation. The IPPC Web site — the IPP — acts as a forum for information exchange, and parties and the IPPC Secretariat use it to meet IPPC reporting obligations by publishing documents or providing links to outside Web pages.

The Convention identifies certain types of information countries are required to report to other contracting parties, to the IPPC Secretariat and/or to RPPOs:

- [IPPC Official Contact Points \(Art. VIII.2\)](#)
- [Official pest report \(Art. VIII.1a\)](#)
- [Description of the NPPO \(Art. IV.4\)](#)
- [Phytosanitary Restrictions/Legislation \(Art. VII.2b\)](#)
- [Entry points \(Art. VII.2d\)](#)
- [List of regulated pests \(Art. VII.2\)](#)
- [Emergency actions \(Art. VII.6\)](#)

If you would like to find information on any National Reporting Obligation specific to a certain country, you need to select the name of that country from a drop down menu (“*Go to country*”) which appears e.g. on the right hand side of the screen.

You can also find a list of countries in the folder “**About**” underneath “NPPOs” in a drop down menu.

Basic information on National Reporting Obligations, including all the links to the countries’ reports, can be found in a folder “National Reporting Obligations” to be found on the right hand side of the screen of the IPP:
