

# APPPC update

Yongfan Piao, PhD  
(Executive secretary)

**28<sup>th</sup> TC-RPPOs**  
Rabat, Morocco

# APPPC

- ❑ Asia and Pacific Plant Protection Agreement, 1955
- ❑ Asia and Pacific Plant Protection Commission, 1956 (Article IV)
- ❑ 25 member countries
- ❑ 3 standing committees (PQ, IPM & Pesticide management)
- ❑ 1 standard committee (RSPMs); RSPM1-10
- ❑ Biennium based commission meeting- review status of the implementation of the agreement and work plan, discuss and adopt work plan for the next biennium;
- ❑ Financial mechanism: assessed contribution by 17 countries since 2010
- ❑ Developed strategic plan and business plan
- ❑ Ownership: more countries provide supports (finance, counterpart-funding, hosting workshops, leading roles on working groups, etc.)

# List of plant health activities/projects

- Workshop on review of draft ISPMs, Suwon, Korea, 25-29 July
- Workshop on plant health surveillance, Bangkok, 6-10 June
- Workshop on ISPM31, Bekasi, Indonesia, 22-26 Aug.
- Workshop on IPP/NRO, Beijing, China, 5-9 Sept.
- Workshop on SALB, Kuala Lumpur, Malaysia, 17-21 Oct.
- Workshop on fruit fly management, Vietnam, 20-25 June
- *GCP/RAS/286/ROK project –CD in Implementation of pest surveillance and info management GMS Countries*
- *GCP/RAS/297/JPN project –CD in Phytosanitary Inspection and Integrated measures for International Movement of Seeds*
- *TCP/CMB/3604 - Strengthening Capacity in Managing the Incursion of Cassava Mosaic Virus Infestation*
- *TCP/CPR/3603- Detection and management of Southern Rice Black-Streaked Dwarf Virus*

# Technical & capacity development

- Trainings on implementation of ISPM6- NPPOs (21 countries)

Asia-pest report on Sept.: 6-new, 3 update (Japan, Malaysia, Pakistan, Philippines, Nepal, Timor-Leste, Republic of Korea)

- Trainings on NRO and information exchange through IPP/NRO ( 16 countries)
- Trainings on fruit fly survey and field management- 14 countries
- TA in Phytosanitary Inspection and Integrated measures for International Movement of Seeds –Vietnam and Thailand
- TA in in Implementation of pest surveillance and info management  
GMS Countries ([Project training activities- 2016r.docx](#))

# Emergence Pests in Asia Pacific

- Cassava Mosaic Virus – New incursion in Cambodia
- Bamboo Locust – Outbreak in Laos
- Tomato Leaf miner – New incursion in Pakistan
- Wheat Blast – First report in Bangladesh
- *Banana Fusarium wilt TR4 – New incursion in India and Vietnam (to be confirmed)*
- *Parthenium weed – New incursion in Bangladesh and Malaysia*

# APPPC Surveillance Implementation

## Work Plan (2016 – 2021)

*contribution to IYPH*

- Plant health surveillance management system – 6-10 June 2016
  - *focus on fundamental and NPPO responsibilities on surveillance and stakeholders engagement*
- Plant Health surveillance planning coordination and delivery - Mar. 2017
  - *discuss on design and planning surveillance activities*
- Surveillance information management system – Mar. 2018
  - *focus on fundamental surveillance management*
- Surveillance statistical analysis, mapping, intelligence generation – Mar. 2019
  - *deliberate on data analysis, modelling and mapping*
- Surveillance communication, reporting and response – Mar. 2020
  - *communication and reporting meeting the NRO by NPPO*
- Surveillance pest free area establishment – Mar. 2021
  - *focus on planning surveillance for PFA*

# Pest surveillance Achievement in 2016

- ✓ Monitoring of Rubber pests and diseases by 10 rubber growing countries in Asia including SALB
- ✓ Cassava Mosaic Disease specific detection surveillance conducted in the Cambodia (*preliminary*)
- ✓ Cassava Mosaic Disease specific detection surveillance conducted in the North East Region by DOA Thailand
- ✓ Survey on nematode, Myanmar
- ✓ Bamboo Locust detection survey in Thailand and Laos border
- ✓ Banana TR4 disease survey in Northern Vietnam and Eastern India

# Collaboration

## ■ APPPC-IPPC

- SSC program on IPPC
- Review of draft ISPMs
- Implementation of surveillance pilot program (fruit fly?)
- Information exchange through IPP (APPPC web-IPP, case studies)
- Facilitation of some follow up on activities of IPPC-NPPOs (eg communications, NROs, etc.)

## ■ APPPC-PPPC

- Trainings and workshops, etc.

## ■ APPPC-CASAVE

- SALB

Thank You
