Protecting the world's plant resources from pests

# What's Available

## What's available

### Curated collection:

- IPPC developed
- Contributed
- More than 300+ Resources available

### Key Topic Areas:

- Market Access
- PRA Awareness
- CPM Participation
- Diagnostic Materials
- NPPO Establishment
- Stakeholder Management

## Types of technical resources

### E-Learning

#### Featured E-Learning

**Pest Risk Analysis** · Learn more on Pest Risk Analysis through our online course, currently offered in English and Spanish. [Enroll here »](#)

### Videos & photos

### Manuals

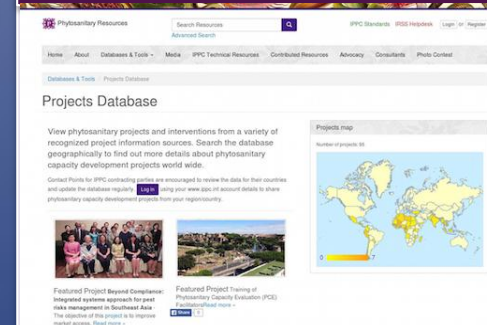

International Plant Protection Convention
