Referring to Article 3 and 4 of Ministerial Proclamation No.346 MAFF, on Plant Quarantine Inspection Procedure dated 10 May 2010 provisioned that:

1. **Plant Quarantine Material with potential of high risk with plant pest concern are:**
   
   (Refer to Annex 3 of Ministerial Proclamation No.346)
   
   - Seed and planting material for propagation, plant of tissue culture, plant abstract from mother plant for testing, tissue culture of GMO;
   - Alive insect, microorganism, biological agent and fungi;
   - Alga, soil, compost of plant material for use as planting substance or soil fertility improvement;
   - Product, vegetable, fresh fruit, tuber, bud, sprout, shoots and algae of new place of origin that haven’t been import to Cambodia;
   - Other materials have been classified in the 3rd and 4th risk categories of ISPM No. 32 on the categorization of commodities according to their pest risk.

2. **The Requirement in importation of Plant Quarantine Material with potential of high risk of plant pest concern to Cambodia:**
   
   Any physical or juridical person, who would like to import of Plant Quarantine Material with potential of high risk with plant pest concern (in point 1), need to follow the following step of procedures:

   a. **Before Export from Country of Origin:**
   
   - To apply in advance to General Directorate of Agriculture for the import certificate/ permit for plant quarantine materials (See Annex 1). The Application Dossier should be contained by the application for import of plant quarantine materials (See Annex 2) and attaching of the following documents:
     
     - The pest list presented in the production and storage of applied material (commodities) in the country of origin,
     
     - The pest list presented in the production and storage of applied material (commodities) in the country of transit (only in case of material will be transport across the 3rd country)
     
     - Technical documents related to the treatment of applied material (commodities)
b. **When the import material arrived to the Cambodia Border (Article 3 and 4):**

- To apply when arriving to the Cambodia Border for plant quarantine inspection to the Plant Quarantine Check point at the entry/exit point of the country. The Application Dossier should be contained by the application for plant quarantine inspection of import consignment (See Annex 3) and attaching of the following documents:
  - Phytosanitary Certificate and/or Phytosanitary Certificate for Re Export issued by the competency of exporting country and/or country of re export (original copies);
  - Fumigation Certificate in case of material has been fumigated before arrive Cambodia;
  - Invoice, Packing List and Bill of Lading;
  - Import Certificate/Permit for plant quarantine materials issued by the General Directorate of Agriculture, MAFF, Cambodia;
  - Other Documents as required by the Import Certificate/Permit for plant quarantine materials
