### SUMMARY NOTIFICATION OF NON-COMPLIANCE

This notice is to inform you that Vietnam has intercepted consignments not in compliance with Vietnam phytosanitary requirements for importation of plants, plant products (see attachment).

Consignments containing non-compliant may be ordered appropriately treated:

- removed from Vietnam
- destroy
- disposed of
- fumigated
- 

# of consignments	Exporting country	Reasons of interceptions
.....	.....	.....

We hereby request you to pay more attention to our plant quarantine requirements and strengthen your phytosanitary measures to ...*intercepted pest(s)*... at the time of the exportation of the consignment. In order to protect our plant, animal and human health, Vietnam shall apply a higher level of protection in future, even entry refusal applied in case of repetition. The non-compliant consignment reported herein should be investigated and exporter(s) informed, so that remedial action can be taken. It would be appreciated if the results of the investigation were reported to Plant Protection Department.

For more information on our import requirement, please do not hesitate to contact us or by accessing the internet website at <http://ippc.int> referring to country "Vietnam"

Thank you very much for your cooperation

*Yours faithfully*

*(Signed and stamped by National IPPC Contact Person)*
