Resource Mobilization Efforts and Results

Agenda item 10.2.2

Prepared by the IPPC Secretariat

I. Overview

1. CPM-7 (2012) adopted the Resource Mobilization strategy for IPPC. This paper demonstrates a comprehensive overview of the results achieved through the implementation of the strategy, and distribution of the financial and in-kind contributions received in 2013, as well as the pledges received for 2014.
2. Contributions, both financial and in-kind, from contracting parties, regional plant protection organizations and other organizations are greatly appreciated because they directly help implement the mandate of the IPPC.
3. Table 1 indicates general collaborative programmes and Table 2 demonstrates specific contributions. Table 3 shows the pledges made in 2013 for contributions to arrive in 2014. Information on direct contributions to trust funds may be found in the IPPC 2013 Financial and Secretariat reports and on the IPP¹.
